

Axis Communications Academy

AXIS Camera Station: Essentials

AXIS Camera Station: Essentials is a comprehensive course on AXIS Camera Station. This training is hands-on — Students will work with Axis domes, PTZs, intercoms, and network speakers to gain first-hand experience with the installation, configuration, operation, and troubleshooting of an AXIS Camera Station system. This course is ideal for installers, technicians, operators, and end-users of AXIS Camera Station.

This course is comprised of a 90 minutes online pre-course and a 1-day classroom training. Students will complete the online pre-course at their own pace before attending the classroom portion. At the conclusion of the classroom training, students will take the test for AXIS Camera Station certificate of completion to test their skills and prove their knowledge.

Upon completion of this course, you'll be confident in:

- > Operating AXIS Camera Station VMS
- > Installing and configuring an AXIS Camera Station solution
- > Designing and planning a project using AXIS Site Designer
- > Coordinating device, such as moving a PTZ, unlocking a door, or activating a light in response to an event
- > Integrating a door station and network audio into AXIS Camera Station

6 BICSI credits

Length:

- > Online pre-course Axis screencast simulation: AXIS Camera Station (at your own pace, 90 minutes completion time)
- > 1-day hands-on classroom work

Prerequisites:

Registrants will be required to complete Axis screencast simulation: AXIS Camera Station.

Who should attend?

Security professionals who will design, install, configure, manage or support an AXIS Camera Station solution.

Price: \$299

Fully paid attendees will receive 16 AXIS Camera Station Core Device Licenses.

Axis Communications Academy

AXIS Camera Station: Essentials

Step 1: Register

Visit axis.litmos.com/online-courses/ to register for an upcoming session that works for your schedule. Once registered, you'll receive the information needed to prepare you for class, and system requirements to ensure your experience runs smoothly.

Step 2: Complete the online pre-course

Before you enter the classroom, you'll complete Axis screencast simulation: AXIS Camera Station at your own pace (about 90 minutes)

Step 3: Enter the classroom

At your local Axis Experience Center or offsite venue, you'll join your classmates for a hands-on learning experience led by one of our trainers. Check out the agenda to below to see what's in store for you.

Day 1

8:30 am | Breakfast

9:00 am | Welcome and introductions

Module 1 AXIS Camera Station Setup (discussion & exercises)

Module 2 AXIS Camera Station Live view workspace (discussion & exercises)

Break

Module 3 AXIS Camera Station Recordings workspace (discussion & exercises)

Module 4 AXIS Camera Station Configuration workspace (discussion & exercises)

Lunch

Module 5 AXIS Camera Station End-to-End solutions (discussion & exercises)

Module 6 AXIS Camera Station Troubleshooting and support (discussion & exercises)

Break

Module 7 AXIS Camera Station system setup scenario (discussion & exercises)

Test for AXIS Camera Station certificate of completion
